"Do not abandon yourselves to despair. We are the Easter people and hallelujah is our song."

~Pope John Paul II

The Week in Review:

- Snaps to all our participants in the SLS Showcase of Talent! We are grateful that the following students shared their many and varied talents with us: **Evie R., Carter J., Addison I., Emma L., Finley C., Sarah R., McKenzie E., Charlie R., Legacy S., Bentley R., Kaiden H., RiQiya S., Ahmya S., Maddie S., Ada K., JJ S., Aiden W., Michael R., Nelson C., Tyler L., Alli R., Kate R., Lucy P., Maddie S., Summer L., Riley N., Chayden L., Abby R., Layla S., Kari S., Eraste S., Nikki L., Grace C., Bella S., Lilly J., Dia C., Maggie W., Vince P., Anna G., Caroline N., and emcees Lucy R. and Hayden G.** Special thanks to **Mrs. Radeker** who coordinated the show, assisted by **Mr. Reed, Mr. Brown, and Mr. Mac (Hayden)!**
- The **PreK-3's class** enjoyed their morning in the circus last Friday! They were lions, tigers, and elephants—oh my!
- Our children's choir sang for the Palm Sunday (Saturday) mass and the Stations of the Cross this Lent. Members of the choral group include **Alli R., Abby R., Megan L., Tyler L., Nikki L., Kate R., Maddie S., Caiden S., Michael S., Eraste S.,** directed by **Mrs. Radeker**, and accompanied by **Mr. Evans.**
- The **K-3 Tiny House members** finished their egg drop containers and tested them as they were dropped from the top of a ten-foot ladder. Ten of the fourteen eggs survived the landing—we have quite a few future engineers and designers in our midst!
- The **8th grade students** will lead the Stations of the Cross for Good Friday. This will be a powerful presentation of Jesus's last day on Earth as a man for our students.
- Congratulations to SLS Alum **Ashley Collins**, a sophomore at Mercy Academy, whose Robotics Team captured 2nd place in the Jefferson County Regional High School Competition of the RCX Robotics Challenge eXtreme and moved onto the State Competition. **Ashley got her start in robotics as a member of SLS's first Girls' STEM Club!**

Did you know??... *Sixty-five percent of children entering grade school today will end up working in jobs that don't even exist yet. How do we prepare students for jobs we can't even fathom?*

- *Help students examine their biases: How do we do this at SLS? We offer a variety of after-school activities, extracurriculars, student choice, self-directed learning, and an opportunity to question, research, and discuss.*
- *Advance critical thinking and cognitive development: How do we do this at SLS? Project-based learning, a brand new Makerspace, STEM and STREAM activities, Tiny Houses, Houses, 20% Time, related arts classes, and more.*
- *Help students embrace ambiguity: How do we do this at SLS? Giving students the chance to try new things, succeed, and fail. We ask our teachers and students to take an inquiry stance!*
- *Foster an appreciation for ethical concerns: How do we do this at SLS? Faith-based education, student-driven projects for each grade through their Religion class, caring for themselves, others, and the world.*
